New Year, New Resolutions and a New Flight

Dear Galwians,

A new year always comes with new resolutions, fresh energy and new hopes. For the Galway family, every new year is a new beginning of self-reflection, self-confidence and self-reliance. The new year also brings an important question, will we remain the same? or will we have the courage to become better than before? At Galway, the answer is clear: every new step opens the door to a new journey and greater success.

In the Galway business, the new year is not just about changing the calendar. It is the time to think bigger, widen our vision, deepen our mindset and give a new direction to our future. We have always believed that success does not come in one moment, it is the result of many small but right decisions taken in the right direction. Galway has not only given its distributors a platform to earn well, but also an opportunity to change their way of thinking. It has shared a vision where success does not depend on a city, a degree or a background. Success comes to those who adopt our strong business plan, powerful training system. The foundation of Galway is built not only on business, but on values, trust and vision. That is why every person here is not just a distributor, but a potential leader. Our philosophy is very clear, when the system is strong, even an ordinary person can achieve extraordinary results.

Friends, the new year reminds us that no matter how yesterday was, tomorrow depends on how we prepare today. At Galway, every year brings new goals, new strategies and new opportunities. But the most important message is simple, keep learning, keep sharing knowledge and keep moving forward.

NEW FLIGHTS OF WOMEN EMPOWERMENT IN THE GALWAY BUSINESS

INDOO VERMA

STAR RD

Ballia, Uttar Pradesh

KIRAN SINGH

STAR RD

Ballia, Uttar Pradesh

The new year is the time to awaken those dreams that often get buried under responsibilities, difficult situations, social limits and rejection. Galway Business is a strong platform for women who, even while managing their homes, dream of self-respect, self-reliance and a

strong personal identity.

Today, when we talk about women empowerment, Galway does not just talk about it, but practices the same. Galway provides equal opportunities to women from every section of society. Here, women become leaders. Through hard work, they earn

respect, turn their dreams into reality and take a confident flight towards success.

Living examples of such inspiring journeys are Indoo Verma and Kiran Singh. These Galwians did not see Galway Business as only a source of income, but as an opportunity to transform their lives. One started from a small home-based parlour, the other began with limited resources but neither ever limited their dreams or courage.

A Royal Journey from Struggle to Respect

INDOO VERMA (STAR RD)

Indoo Verma from Ballia district, Uttar Pradesh, has an inspiring journey from an ordinary homemaker to a self-reliant leader. After completing her education up to Class 12, her life became limited to household responsibilities and family duties. She wanted to become financially independent, but resources and opportunities were limited.

She started a small parlour from her home, which became the first step toward her dreams. Managing parlour work, household responsibilities and worries about the future all at once was not easy. During this time, a woman customer at her parlour told her about the Galway business. At first, it sounded like a normal conversation, but when Indoo saw success stories of women Galwians, she felt that this opportunity could change her life.

The initial journey was not easy. Family doubts, self-fear, a limited network and constant rejection created many challenges. But instead of giving up, Indoo chose to learn and move forward. She completed the Master Journey, attended all trainings and stayed consistently active. When she decided to close her parlour to work full-time in the business, people criticized and discouraged her, but she did not bend. Today, her monthly income cheque tells her success story because it is many times higher than what she earned from the parlour.

She started the Galway business in 2024, and within just one year, she achieved the rank of Star RD. After winning the Galway promotion offer, she experienced her first flight trip in life and received a grand welcome with flower garlands. Staying in a five-star hotel and enjoying a Mercedes ride became unforgettable royal experiences for her. Today, her success has given meaning to all her struggles. Respect, income and self-confidence are now a strong part

Galway supported them with a strong business plan, a well-structured system, quality training, reliable products and most importantly, the power to believe in themselves. Today, their success is not just their own but it is an inspiration for every woman who dares to dream.

These are real stories of women who refused to let their dreams fade despite limited resources, household responsibilities and social challenges.

of her life. Dreams of a car and a royal lifestyle are no longer just goals but are moving closer to reality, as her travel and house bonuses continue to grow.

A major turning point in Indoo Verma's journey came when she completed the Master Journey and secured her place for the Nepal trip. During this journey, she deeply learned product knowledge, demo techniques, and customer handling skills. Because of her parlour background, she already

understood customer needs very well. She actively retailed Galway's personal care and health care products and trained her team to focus on retailing as well.

Indoo believes that product retailing brings stability to the business and makes team building easier. Today, she is known not only as a Star RD but as a strong and inspiring leader. Her message to her team is clear, when you work honestly and consistently, the business grows automatically.

Indoo says that Galway did not just give her a way to earn money but taught her to believe in herself. Today, Indoo Verma is an inspiration for many women who dream big, even while living within the boundaries of their homes.

The Power to Turn Dreams into Reality with Galway

KIRAN SINGH (STAR RD)

Kiran Singh's journey is a living example of how dreams can come true. She always dreamed big and tried many ways to make those dreams a reality. While working as a Shiksha Mitra in her village, she earned only 3,000 per month, barely enough to manage household expenses, let alone fulfill her dreams. Yet, deep inside, she carried one clear goal, to do something meaningful that could secure a better future for her family.

When Kiran started the Galway business on 23 June 2023, she had neither prior experience nor a strong network. In the early days, negative comments from people and her own fears often tried to hold her back. But she made a firm promise to herself, she would not give up. Her

courage paid off when the same Kiran, who once earned 3000 rupees a month, received an incentive cheque of nearly 40,000 rupees in a single month. By completing the Master Journey, she not only moved ahead in life but also earned the love and support of her family, who once advised her to stay away from business.

Very early in her journey, Kiran understood one important truth, the real strength of the business lies in products and retailing. She took Galway's training seriously, focused strongly on product retailing, and trusted the system. Step by step, her confidence grew, and her team started taking shape. Becoming a Star RD within just two years is the result of her dedication and belief. Today, she is successfully retailing a wide range of products, from Kitchen Shakti and Dish Wash to Personal Care and Health Care, consistently increasing her income.

By winning the Galway Promotion Dhamaka Offer, Kiran also enjoyed the

royal experience of her first-ever flight, a stay at a five-star hotel, and a ride in a luxury Mercedes car. It was a moment that made her truly realize that the rewards of hard work can indeed feel royal.

Today, Kiran is very close to her dreams. A car, a beautiful home, and a secure future for her family are now within reach. Galway has given her not just financial independence, but also a dignified identity.

She believes Galway has given her a new way of thinking, a stronger mindset, where a world of unlimited dreams stands ready to welcome her.

The inspiring stories of Indoo Verma and Kiran Singh teach us a powerful lesson: in Galway, hard work and training come before rank, products come before the team and self-belief comes before income. Their success proves that with Galway, even an ordinary life can turn into a story of royal success. Let all Galwians take a pledge that this New Year will witness many more such success stories and inspiring flights to new heights.

GALWAY LEADERSHIP MEET

Strategy Session with Leaders from North India

A successful and inspiring leadership meet was held in the conference hall of the Galway Super Store in New Delhi. The dignified presence of leaders from Uttar Pradesh, Uttarakhand, and Madhya Pradesh further enhanced the event.

On this occasion, the company's Managing Director, Mr. Sarabjeet Singh Arneja, addressed all the leaders, sharing important insights on Galway's vision, future plans, and team growth.

Govardhan Trip: A Glimpse of Team Bonding & Tremendous Energy

Taking a break from the hustle and bustle of business to experience faith, peace, and positive energy with your team becomes more than just a trip; it transforms into a spiritual experience. The Govardhan trip, held from December 16th to 18th, 2025, was memorable, inspiring, and full of energy for all the Galwians of the Delhi Urban team.

LDD Karan Singh, Inderjeet Singh (Lucky), Preeti Kalra, Neerja Jha, Asha Arora, Harpreet Singh, Rekha Khatana, Kusum, Mamta, and Pradeep Kushwaha made the trip even more special with their presence. Everyone enjoyed every moment with devotion, cooperation, and a positive attitude.

Such trips for leaders and Galwians in the Galway business teach us that success doesn't come solely from doing business, but also from peace of mind, team bonding, and mutual trust. This Govardhan trip brought new energy, inspiration, and renewed enthusiasm for growth into the lives of all the members of the Delhi Urban team.

Nurturing agriculture through sustainable, biotech-driven solutions that restore soil health and protect nature.

- Soil Health
- Crop Nutrition
- Sustainable Farming Solutions
- Eco-Friendly Agriculture.

BECAUSE WHEN THE SOIL THRIVES, THE FUTURE GROWS STRONGER.

A BETTER TOMORROW FOR FARMING.

India is a country where agriculture holds immense importance. Our economy, traditions, and daily life are deeply connected to farming. A large population of the country depends directly or indirectly on agriculture. From producing grains to providing employment to people, agriculture is considered the strongest foundation of India. Over time, farming methods are also changing. Now, farmers are focusing not only on growing more crops but also on high-quality produce, soil health, and sustainable farming practices. In such a scenario, the right agricultural products and reliable agri solutions have become very essential for farmers.

The Role of Nutrients in Modern Agriculture For healthy crops, seeds and water alone are not sufficient. The balance of essential nutrients in the soil, biological activities, and elements that promote plant growth play an extremely important role. If the crop does not receive proper nutrition at the right time, both yield and quality are affected.

Galway Agri Products: A Name of Trust for Farmers Galway has always been

A NEW FUTURE FOR AGRICULTURE WITH GALWAY

known for health, quality, and innovation. Now, Galway is set to make a strong presence in the agricultural sector as well. Understanding the needs of farmers, Galway is soon going to launch cutting-edge and effective products in its agri range.

The upcoming Galway agri range will include:

- **Bio Fertilizers:** Helpful in increasing soil fertility and activating beneficial microorganisms
- **Organic Fertilizers:** Safe solutions that nourish crops naturally
- **Plant Micro Nutrients:** Helpful in fulfilling plant deficiencies and supporting balanced growth
- **Multi Micronutrients:** For fulfilling multiple essential elements at once
- **Bio Stimulants:** To enhance plant growth, root development, and stress tolerance

Complete Care from Germination to Fruiting Galway's upcoming agri range is being developed to provide support at every stage—from initial germination to fruiting and final production. These products will aid crop growth, improve yield, and also help maintain soil health for the long term.

To advance India's agriculture, there is a need for scientific thinking, reliable products, and brands that keep farmers' interests in mind. Galway Agri Products is a strong initiative in this direction. The upcoming Galway agri range will provide farmers with safe, effective, and modern solutions, making farming even more profitable and sustainable.

Journey Towards Inner Peace

As in every month, under the Self-Empowerment Program (SEP), the program was successfully organized this time as well in the month of December 2025. On this occasion, certified trainers Chayana Kaushal and Chanchal Vaishnav provided special meditation training to approximately 300 participants.

The main objective of this training was to provide the participants with mental peace, self-balance, and positive energy. During the program, detailed information was given on the importance of meditation, its correct method, and its benefits in daily life. Under the guidance of the trainers, the participants practiced meditation, which helped them in getting relief from stress, increasing concentration, and boosting self-confidence.
