RANI PAL

LDD

The youngest girl in a grand family with parents and four siblings... A little girl with big dreams in her eyes, running to school with the hope of changing her poor and struggling life. But the punishment for not paying fees came in the form of taunts, reaching her ears as teachers scolded and sent her back home, telling her to return only after paying the fees. This happened multiple times. But she never blamed her misfortune, instead, she turned her determination into steel, weaving dreams of steering her life onto the tracks of prosperity.

Her desire to drive a car would often awaken when she saw relatives' vehicles. However, as soon as the dream of

riding a car appeared in her eyes, it would vanish because she was strictly forbidden even to touch a car. Her father was a struggling farmer who had to sell either food grains or livestock to feed his children and pay school fees. Attending functions was another challenge, as she didn't have decent clothes.

Life forced her to swallow humiliation at every step, but inside her, an unyielding volcano of ambition was burning, one that would refine her fate into pure gold. And with that gold, she wanted to buy a gold chain for herself, earrings for her mother, a luxurious flat in a metropolitan city like Mumbai and transform her father's hut into a grand house. She wanted to buy her dream car and travel in an airplane, touching the heights of success.

But did this story of a little girl, which seems like a dream, ever come true? If yes, then how?

## The Flight of Stubborn Determination

The answer to these crucial questions lies in the inspiring journey of Great Galwian Rani Pal. That same little girl from Ghazipur, Uttar Pradesh, who once dreamt of changing her life, the one who was chased out of schools, today teaches the world a new lesson in women empowerment through Galway Business. A lesson that has illuminated the lives of countless girls and women with self-respect, prosperity, and success.

Every year, March 8th is celebrated as International Women's Day, aimed at granting women cultural, economic, and social equality. We take immense pride in saying that Galway Business is fulfilling this purpose by empowering numerous women, including Rani Pal, with equal rights and opportunities, truly upholding the essence of Women's Day.

Women in Galway Business are inspiring us with their confidence, struggles, and success stories. Rani Pal's journey is one such shining example. Thanks to Galway Business, she is moving towards a bright and honorable future. No longer bound by fear, hesitation, or societal limitations, she is celebrating her success with pride.

In this special edition of Galway Newsletter, let's hear the story of Rani Pal's success in her own words.

## A Thrilling Journey from Struggle to Success

My name is Rani Pal, and I come from Ghazipur, Uttar Pradesh. My journey in Galway Business began by chance when an uncle, known to my father, introduced me to this opportunity. Initially, I didn't understand much, but when I attended Galway's training classes, my perspective changed entirely.

Later, I read about GDD Subhadra Devi's success story in the Galway Patrika. Learning how an illiterate vegetable vendor became a millionaire Galwian with passion and hard work, I realized that if I, too, worked with dedication, I could achieve all my dreams.

I was deeply inspired by Galway's system, especially two things. A safe and respectable environment for women – where they get equal opportunities to grow and succeed and the other one, the nominee facility, which ensures that my hard-earned success benefits my future generations.

## A World of Infinite Dreams

Sharing further, Rani says, "I left my graduation after 12th and started Galway Business. Today, I am working at the LDD level. I earn in lakhs, own my own house, and have my dream car. I always wanted to buy a Tata Nexon, and I finally fulfilled that dream in January. I also purchased a flat in Vasai-Virar, Mumbai, with my earnings.

There was a time when I would look at my relatives' cars with longing, but

they wouldn't even let me touch them. That day, I made a promise to myself that one day, I would buy my own car with my hard work. Today, I have taken my parents on multiple luxurious trips. Once, my father was buying a gold chain for my elder sister, and I wished for one too, but he didn't have the money. Thanks to Galway Business, I bought my own gold chain with my earnings."

She further said, "not only that, when my father needed money to build a house, I provided lakhs of rupees to fulfill his dream. I also financially supported my elder sister in constructing a room in her house. When my brother needed

focused on strengthening my network.

Galway's products are the lifeline of this business. Retailing them has benefitted me greatly. My father uses Galway Krisham GC Power in farming, and we use almost all Galway products at home, including Rice Bran Oil and Dantauram. My mother had liver problems, which were cured with Galveda HEPA Protect. Apart from this, Pain Relief Green Gel is in great demand among the customers."

## **Facing Rejections & Next Targets**

According to Rani, "I faced a lot of rejection in the

funds for his business, I helped him wholeheartedly.

Galway Business has made me capable enough to support my family. Today, I am seen as an inspiration, and I am the first girl in my family to have traveled by airplane. All of this has been possible because of Galway Business. I have even made my passport and am now fulfilling my dream of international travel. I have qualified for Galway's Dubai Trip offer and will soon be flying abroad."

## **The Journey of Dreams is Still On**

Rani Pal further adds, "My journey to achieving dreams will continue. My goal is to become a Global Diamond by the end of 2025 and help as many people in my network reach the LDD level.

I have transformed this into a family business, my elder brother Brijesh Pal, sister Sushila Pal, and cousin have also joined Galway Business. Through RRR activities, I take my team out to restaurants and trips to keep them motivated. My great Upline and mentor Rajesh Kumar has taught me a lot, and now I am

beginning. People told my father that a girl shouldn't be doing such a business. My parents were scared and worried about society's opinions. Some things were said that I cannot even mention here.

There was a time when I became so depressed that I even thought of ending my life. But I gathered myself, trusted my Uplines, and dedicated myself completely to this business. Today, the same people who doubted me are now working with me in this business and praising my success."

## **A Message for Women**

Having become a symbol of women empowerment, Rani Pal motivate every Galwian woman not to fear hard work.

Success will surely follow. She says, "Even after injuries, I attended training for 2-4 hours because I believed that education is the most powerful tool. Galway Business has transformed my life. If you, too, want to change yours, join us in Galway, and together, let's fulfill our dreams and bring dignity, financial independence, and rightful recognition to every girl and woman in the country."

Every woman has immense potential to change the world; all she needs is the right direction and a strong determination! Galway Business has given thousands of women the opportunity to achieve their dreams, and in this journey, four incredible women achievers have proved themselves!

These are not just bikes; they symbolize their independence, self-reliance, and success! ## GALWAY BUSINESS TURNED MY DREAMS INTO REALITY!

### Arun Kumar Yadav

Like any ordinary person, I had many dreams too. Sometimes, I wished to own a luxury car; other times, I dreamed of having a small, beautiful house of my own or traveling, if not abroad, then at least somewhere in my own country. But I always considered these dreams to be just dreams, as I couldn't see a way to make them come true.

However, my life took a turn when I decided to join Galway. After joining Galway and understanding the concept of money freedom and time freedom, I started seeing my dreams turning into reality. Galway provided me with the opportunity to work hard and bring my dreams to life.

Today, my dream of owning a small car has come true in the form of a stunning Tata Curvv worth 15.04 lakh rupees!

These are the words of Arun Kumar Yadav from the Deoghar Zone, who, through his hard work and dedication, has achieved this remarkable milestone.

Heartiest congratulations to Arun Kumar Yadav from the Galway family on his dream car!

The beginning of turning dreams into reality starts with the first step. Galway Bike Bonus extends abundant good wishes on behalf of Galway to all the achievers who have fulfilled their dream of buying their dream bike in the month of February, 2025. Congratulations and best wishes to them and Their Upline & Downline as well, as their journey to making these dreams come true has been supported by both.

# Galway Pre-Holi Skincare Routine

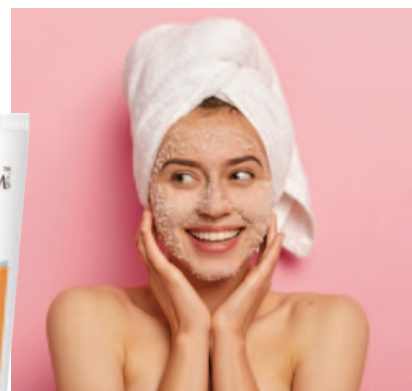

**Now Enjoy the  
Festivities  
Without  
Worrying  
About Colors!**

As the festival of Holi approaches, excitement fills the air with vibrant colors. However, on the other hand, the use of chemical colors poses a risk to skincare. There is no doubt that Holi takes a toll on the skin's glow, while the chemicals in multicolored powders and harsh sunlight strip away its natural moisture, leaving it dry, lifeless and sensitive. To tackle this, Galway brings you a pre-Holi skincare routine that strengthens your skin's protective barrier even before the festival begins, allowing you to indulge in the colors without any worries. Let's go step by step and discover how Galway Skincare's Pre-Holi Routine can help keep your skin safe and glowing.

## Step 1: Start with Exfoliation

Proper exfoliation before Holi is essential. It helps remove dead skin cells and dirt, allowing colors to sit evenly on the skin without causing harm. Pay special attention to areas like elbows, knees, and the neck.

For this, use Galway Rupabham Apricot Scrub. Enriched with natural ingredients like apricot oil, jojoba oil, and walnut shell powder, this product makes the skin soft and radiant. It also helps reduce wrinkles and retains moisture.

### Benefits

- Removes dead skin cells, refreshing the skin.
- Enhances skin tone.
- Aids in the absorption of other skincare products.

## Step 2: Deep Moisturization for the Skin

To protect the skin from color-related damage, keeping it hydrated is essential. Galway Rupabham Goat Milk Body Lotion is an excellent moisturizer that forms a protective layer on the skin, reducing the direct impact of colors. It is enriched with goat milk, triple vitamins (A, B, E) and shea butter, providing deep nourishment and keeping the skin soft.

### Benefits

- Provides deep hydration to dry skin.
- Makes the skin soft and radiant.
- Keeps the skin hydrated for a long time.

## Step 3: Sunscreen Protection Shield

Along with colors, the harsh rays of sun can also damage your skin during Holi. Therefore, applying sunscreen before stepping out is a must. Galway Rupabham Sunscreen SPF 30 comes to the rescue, protecting the skin from UVA and UVB rays. Infused with kokum butter and vitamin E, it nourishes and safeguards the skin.

### Benefits

- Protects skin from harmful sun rays.
- Prevents tanning and sunburn.
- Maintains the skin's moisture and glow.

## Step 4: Keep Skin Safe with Oil

Applying oil before playing Holi creates a protective barrier, making it easier to remove colors and preventing skin damage. Galway Rupabham Aromatherapy Body Massage Oil is ideal for this. Packed with medicinal properties, this oil contains a blend of 9 essential natural oils that not only hydrate the skin but also detoxify it. Additionally, it forms a protective shield that prevents even the harshest chemicals from affecting your skin's natural glow.

### Benefits

- Nourishes the skin from within.
- Helps in easy removal of colors.
- Keeps the skin soft and radiant.

## Double the Joy of Holi with Galway!

After playing Holi, your skin requires extra care. Use a mild and hydrating cleanser to remove colors and apply a soothing moisturizer for added hydration. If your skin still loses its natural glow, Galway's Post-Holi Skincare Treatment Kit is here for you, restoring your skin's freshness and radiance. But more on that in the next edition!

So this Holi, why fear the colors? Give your skin the promise of protection with Galway's Pre-Holi Skincare Routine. Celebrate a safe Holi with Galway!

These vegetables are primarily grown in the summer season, with production starting around March and April.

### Method for Growing Vine Vegetables

- **Selection of Season & Soil:** Vine vegetables are grown in summer, requiring ample sunlight and warm weather. The ideal soil pH should be between 6 and 7. Well-drained sandy loam or loamy soil is considered ideal for these crops.
- **Seed Selection & Sowing:** Always select high-quality seeds. Sow the seeds in 1-2-inch-deep holes in the soil.
- **Transplantation & Irrigation:** To support vine growth, use bamboo stakes or trellises to provide proper support.
- **Use of Fertilizers & Manure:** For vine vegetables, use organic manure like cow dung manure along with G-Bio Phosphate Advance, G-Potash, Galway G-Sea

Power, G-VAM, G-NPK, G-Amino Plus, G-Bio Humic, and G-Sea Liquid. These improve soil fertility and promote healthy plant growth. Mineral fertilizers can also be used, but organic fertilizers should be prioritized.

■ **Pest & Disease Control:** Vine vegetables are prone to pests and diseases, such as leaf-eating insects, mosquitoes, and mold. Regular plant maintenance and cleaning are essential. Galway Krisham Products like G-Bio Phosphate Advance and G-Potash should be used according to the plant's condition.

The first step is to treat the soil before cultivation. For one acre of land, mix 100 to 150 kg of decomposed cow dung manure with 1 liter of G-Bio Phosphate Advance. Keep this mixture in the shade for 24 hours and then spread it across the entire field before plowing.

For vine treatment, select vines with 7-8 nodes. Mix 250 ml of G-Bio Phosphate Advance or G-Potash in 60-80 liters of water and use it for treating the vines. During sowing, mix 20 kg nitrogen, 24 kg phosphorus, 10 kg G-Sea Power/G-PROM Advance, and 4 kg G-VAM per acre before application.

After 40-45 days of sowing, mix 1 liter of G-NPK and 100 ml of G-Bio Humic in 100-150 liters of water and spray it on the crop. During the flowering and fruiting stage, mix 100 ml of G-Amino Plus and 100 ml of G-Sea Liquid in 100-150 liters of water and spray it over half an acre of crops.

By following these steps and using Galway Krisham Products, you can achieve a healthy and organic harvest of vine vegetables.
