IN GALWAY, SUCCESS SHINES TODAY, TOMORROW, ALWAYS

Rameshwari Chauhan **STAR LDD**

Salwa, Chhattisgarh

Here, dreams find a faster way

Courage grows stronger every day

It's not just fame that fades away

At Galway, success comes to you, day after day!

Yes, Rameshwari Chauhan, who is moving towards success day by day, has found tremendous momentum in Galway, and her courage has found a sword of courage. However, the first step to Rameshwari's ascent from poverty to success was paved with deprivation, humiliation, and poverty. Born into a small village in Chhattisgarh, into a farming family, Rameshwari Chauhan's family's living conditions were so dire that sometimes she couldn't even afford rice

and vegetables. It was a near-starvation situation. Her father, a small farmer, barely made ends meet. After studying until the sixth grade, circumstances forced her to leave her studies and help out at home. To make ends meet, she started working in a canteen. But even this wasn't enough to extinguish the fire of poverty. Every day felt as if life was relentlessly crushing her dreams.

They say that when a person reaches the darkest point of adversity, only then does a ray of hope appear. That ray of hope appeared in Rameshwari's life on November 30, 2019, in the form of Galway Business. When she first heard about Galway Business from a stranger, a question arose in her mind: Could Galway truly change her life? Then a voice from her heart said, "If you want to escape poverty and make your dreams come true, perhaps Galway is that opportunity." This belief gave

her the courage to join Galway.

However, the journey wasn't easy. When she talked about starting a Galway Business, her family opposed her. Her brothers didn't believe her. Her father explained that it was all a fraud. Even acquaintances began to mock her. Rameshwari says, "Don't be discouraged when the world

abandons you. Sometimes walking alone is the only way to make your dreams come true." Sometimes rejections come to prepare you for the challenges you face. However, when he was thrown out of his home and his relationships turned their backs on him, Galway turned to Rameshwari and wrote a new chapter in his journey to success.

Training, Discipline, and Upline

Support

When her true journey began with Galway, she found not just a business, but discipline, a learning environment, and confidence. She was given a roadmap to dream and make them come true. Her direct upline, Kishan Patel, along with senior upline and LDD Manoj Patel and Zonal Head Rajmani Pal, guided her every step of the way. Rameshwari says, "We would hold meetings in the afternoon, discuss the approach with the team, and follow up in the evening. We would invite the team to seminars for business classes and provide proper guidance. We would promote the Triple R culture. This kind of business practice taught me the meaning of professional leadership. Gradually, I understood that Galway business was not only about product retailing but also about strengthening the team."

However, Rameshwari loves several of Galway's Rupabham products. Especially the Pro Keratin Shampoo, which leaves her hair smooth, strong, and shiny, while the Rose Toner keeps her face glowing and fresh. She believes that only when she sees the results of the products herself can she confidently recommend or recommend them to the team. This is why retailing these excellent products also improves her business turnover.

Soaring high with success

Galway seemed to have changed her destiny. First, she bought a scooter, then a top-of-the-line Nexon car for 15 Lakh rupees, and soon, Rameshwari is ready to purchase her dream car, a Fortuner. When she qualified for the Dubai trip, her joy knew no bounds, as it was her first trip abroad. It was beyond her wildest dreams. Furthermore, the company also gave her 1 lakh rupees for shopping, with which she purchased a gold chain and diamond earrings from Dubai.

Rameshwari emotionally recounts that poverty was once so severe that even silver was barely visible in the house, but today, thanks to Galway, gold and

diamonds have become the hallmark of their home. Furthermore, with the income she earned from Galway, she gifted her father the land where he used to work, making her the "best daughter" in the eyes of the family that had once thrown her out. Furthermore, opening a shop for her brother is a proud moment of her success.

Upgraded Business Plan is a Game Changer

Rameshwari believes that Galway's upgraded business plan has been a milestone in their success. She says that the previous business plan was excellent, but generating large checks at the small level was difficult. Turnover at the CD and PD levels wasn't high enough to allow even new distributors to generate checks worth lakhs. However, since the OD Club was introduced in

the upgraded business plan, every leader has the opportunity to earn a significant income. Now, every new distributor thinks big. The vision for building a team has become even stronger. That's why everyone now prepares to become a Diamond. These new components and offers act as a confidence booster for new Galwians.

In the team where Rameshwari worked, she noticed that while there were many role models of success, there weren't many women among the top achievers. However, when Rameshwari became the first RD in her team, she set a new record. Today, her success serves as a role model for women gallants.

A Growing Caravan of Dreams

Rameshwari says that dreams have played a crucial role in her success. Her current success is due to her focus on dreams. "That's why I introduce my team to the power of dreams because it's not just me, but the entire team that needs to be taken to greater heights." Regarding her growing caravan of dreams, Rameshwari says that she still has many major milestones to reach, such as achieving her dream level Star GDD and Universal Qualification, purchasing her dream car, a Fortuner, and taking her parents on a pilgrimage to the Char Dham.

She believes that success in Galway is lifelong, and the future is completely secure. Her message to her downline is that success in Galway is not just for you, but also for generations to come. So don't be afraid of rejection. Rejection makes you better and stronger. Rameshwari Chauhan's story is a testament to the fact that no matter how difficult the circumstances, with courage and the right platform, dreams can be made a reality.

But with today's fast-paced lifestyle, pollution and heavy use of chemical based products, almost everyone is facing problems like hair fall, dryness and dullness. What you really need is a natural hair care solution that nourishes your hair and brings back its strength, shine and health. That's exactly why Galway has introduced Rupabham Onion & Ginger Hair Oil.

The perfect natural blend

This amazing hair oil is a perfect mix of powerful natural ingredients like onion seed oil, black seed oil, ginger extract and sesame oil. It helps deeply moisturizes your hair and scalp, strengthens the roots, prevents breakage and leaves your hair soft, shiny & healthy. What makes this oil even better is that it's lightweight and non-sticky, so you can use it any time. And the best part? It's suitable for all hair types, whether your hair is curly, straight, thick or fine.

Why Onion & Ginger are a game-changer

You might wonder that with so many hair oils in the market, why choose this one? Research shows that onion oil helps improve blood circulation in the scalp and supports faster hair growth, while ginger extract refreshes the scalp, boosts blood flow and strengthens hair roots. Sesame oil keeps hair naturally moisturized, protecting it from dryness and frizz and Vitamin E in the oil naturally conditions your hair, making it soft and healthy.

■ **Benefits of Onion Oil** – Rich in sulphur, it reduces hair breakage and thinning while nourishing the roots for healthy hair regrowth.

■ **Benefits of Ginger Oil** – Its natural antiseptic properties help fight dandruff, while the fatty acids strengthen thin hair, making it thicker and healthier.

This scientifically balanced blend of natural ingredients makes it not just a daily hair care oil but a complete solution for healthier, stronger, and shinier hair.

Nature's purity, Galway's promise

Unlike many chemical-loaded hair oils in the market, Galway Rupabham Onion & Ginger Hair Oil is pure, natural, and completely safe for long-term use. Just take 4–6 ml of the oil, gently massage it onto your scalp, and after a few hours, wash it off with Galway Herbal Panchatattva, Pro-Keratin or Anti-Dandruff shampoo for best results.

So now, healthy, shiny, and strong hair is no longer just a dream. Bring home Galway Rupabham Onion & Ginger Hair Oil and give your hair the natural care it truly deserves.

SEP's Commendable Steps Towards a Healthy Lifestyle

Trainers from the Self-Empowerment Program, a CSR activity of the Galway Foundation, organized SEP's basic training program virtually in September. Over 324 participants participated in this online basic training, taking a significant step towards positively influencing their lives.

Trainers Chayana Kaushal, Ram Kishan and Rajneesh Kumar with their valuable experience and guidance, not only showed participants the path to a healthy lifestyle but also taught them how to transform their lives into a positive one through meditation.

This program was not just a training program, but a wonderful combination of instilling the confidence that meditation brings to people and inspiring them to embrace new opportunities. This initiative by the Galway Foundation is a commendable step towards a stronger and brighter future for society.
